

Why is Preschool Important?

- Preschool promotes language development: talking, telling stories, and conversation.
- Preschool offers experiences which help to develop readiness for reading and math.
- Preschool provides experiences with music through songs, dance, and rhythms.
- Preschool develops a child physically through games and activities like skipping, jumping, and marching.
- Preschool develops fine motor skills - tracing, cutting, and painting.
- Preschool provides social experiences: working, playing, and sharing with others his/her own age.
- *Christian* preschool nurtures the child to grow in God's love, as well as, learn Christian values and teachings through bible stories, bible songs, and prayer.

Mission Statement

Little Blessings Christian Preschool will provide a safe, loving, Christian atmosphere where young children can grow intellectually, socially, emotionally, physically, and spiritually.

Little Blessings Christian Preschool

A weekday program of
Emmanuel United
Methodist Church

2185 Windsor Road
